Samana Developers Unveils "Free UAE Golden Visa" for Investors of Dh2 million Worth of Properties

(Dubai)

At the back of increasing enquiries from existing and new investors and end-users, Samana Developers today unveiled a 100% free-of-charge golden visa for its investors who buy Dh2 million (USD 544,514) and above worth of properties from any of its projects in Dubai. The golden visa holder's family automatically gets the long-term residency.

Doubling the Number of Millionaires to Dubai Samana Developers says its free golden visa offering is the first such offering in Dubai's real estate market. Six months ago, this type of visa was an indirect demand but is now being asked openly and directly. Samana Developers believes the 5-10 years residency is expected to double the number of new millionaires to Dubai from currently 4000 to 8000 by the end of this year. More millionaires landing up in UAE will increase demand for Dubai real estate backed up by UAE's ranking amongst the safest countries in the world. Golden Visa is a golden opportunity and an extra incentive for real estate buyers, along with tax benefits in Dubai. Investors in the UAE and in Dubai earlier used to buy one bedroom.

Samana Hills marks 100% construction completion on Samana Hills project.

Dubai-based Samana Developers has achieved 100% construction completion on the superstructure of Samana Hills, a five-story residential project.

The milestone has been reached "ahead of time," the developer stated in a release. Samana Hills is scheduled for handover in Q3 2021. The initial handover timeline was for Q4 2021. In January 2020, Samana Developers named Acorn Construction the main contractor for the project.

Ground was broken on the \$27.2m (AED100m) Samana Hills project in September 2019.

Samana Developers attributes the successful and fast-tracked construction milestone to its efficient project management, which has resulted in the eventual postponement of the handover.

"Samana" completes 100% of the superstructure for the "Samana Hills" project in Dubai

The 100 per cent superstructure completion ahead of the schedule comes at a time when the Covid-19 pandemic related lockdown adversely affected Dubai's real market. Samana Developers remained resilient and committed to continue the construction works. The efficient project management works accelerated the construction speed and the developer is now able to complete the project ahead of schedule and eventually prepare the handover.

Despite the pandemic hardships, Samana Developers has set a new benchmark of early project completion and handover preparation. It is unprecedented in Dubai's real estate when there are project delays and developers facing losses. The five-story Samana Hills residential project is scheduled for handover in Q3 2021.

Located at Ajman, Dubailand, the resort-themed Samana Hills will be spread over 100,000 sq ft and house 206 apartments, including studios, one and two-bedroom apartments.

المعهد للبيئة الفوقية لمشروع «سامانا هيلز»، وكانت أعمال البناء في مشروع «سامانا هيلز» البالغة كلفته 100 مليون درهم قد انطلقت في سبتمبر/أيلول 2019. وتواصلت منذ ذلك الحين بوتيرة متسارعة.

Dubai's Samana Developers Sells 80% of DH130 Million Park Views Project in Four Days
(DUBAI), United Arab Emirates, October 16 Following the launch of the Park Views residential project last week, Samana Developers today announced that 80 per cent of units have been sold out in just four days. Buyers and brokers noted developers' commitment to building luxury lifestyle residences at affordable prices which attracted them and their investors alike.
The wellness-featured design of the Park Views residential project spans 688,323 sq ft and includes 27 studio, one, two-bedroom apartments with private pools. The project, located in Arjan, is adjacent to a community park and in close proximity to the Dubai Butterfly and Miracle Gardens, two major tourist attractions in Dubai.
Imran Farooq, Chief Executive Officer of Samana Developers, said: "We were bullish before rolling out this project as we have been receiving a high volume of interest from the investors. I believe the incorporation of resort-themed and sustainability aspects in project design will see greater interest in years to come in the wake of environmental and affordability concerns during the pandemic, which is almost over but will continue its ripple effects. Therefore, these trends will remain in demand."
The award-winning Samana Developers created the ESG-inspired luxury lifestyle design of Samana Park Views project which include leisure decks, common swimming pools for adults and kids separately, private pools with apartments, plenty of water features in the project, yoga zone, open cinema, bar, green areas, indoor and outdoor gyms, health club with steam and sauna facilities, and security.
"Three, five and 10 year golden visas for property investors and the UAE citizenship are some of the initiatives under UAE's economic reforms programme that are creating a sense of belonging among expatriates and is a major attraction for real estate investors."
